## Summary

*Tertiary student graduating in November 2020 seeking work in software development/programming.*

I am currently enrolled in an information technology dual award degree (bachelor and diploma) through the Queensland University of Technology. I have focused my degree on computer science (programming). I have experience in casual employment within the warehousing sector, the events industry and a mechanical environment. I enjoy working with others, meeting new people and I thrive on challenges that involve multiple responsibilities.

### Location

Western suburbs,  
Brisbane
